

# Harry Coupe

I am a motivated computer science graduate looking for employment in \_\_\_\_\_ as an \_\_\_\_\_. Through my education and previous work history, I have gained many skills in working confidently as an individual as well as coherently in a team setting. I utilize strong problem-solving skills in a responsible and professional manner. I am dedicated and keen to learn new skills for both personal and professional growth.

## Experience

- present  
|  
2017
- **Sales Assistant**  
GAME Digital  
Long Eaton, England  
• Gained time management skills juggling part time work whilst also completing degree at University of Nottingham
- 2017  
|  
2014
- **Data Engineer**  
Self Employed  
Long Eaton, England  
• Cat5e/Cat6  
• Testing and termination of Excel and TE cables and panels in a retail environment  
• PA system installation  
• Installation and configuration of Footfall devices in a retail environment  
• Installation and configuration of Wireless Networks in a retail and office environment  
• Online tech support for Xovis Installations in USA
- 2014  
|  
2013
- **Crew Member**  
McDonald's  
Derby, England  
• Learned to deal with fast paced and stressful environments

## Selected Projects

- 2021  
|  
2020
- **3rd Year Software Quality Assurance Group Project**  
University of Nottingham  
• As a group we were tasked to create a game and document/follow a certain amount of quality assurance metrics  
• First we had to submit a project plan for the metrics and tools we would use to quantify the success of the project  
• I was the project lead and had a lot of practise ensuring that procedures were being followed, and their importance to a project overall
- 2020  
|  
2019
- **2nd Year Group Project**  
University of Nottingham  
• The project we received was from Nottingham Council to develop a mobile application to centralise all travel information (buses, trams, etc...) for all of nottingham  
• The application was developed using React Native, interfacing with Nottingham Council's databases for the travel information  
• Personally conducted multiple meetings with the clients to decide on specifications and features, as well as programming for the project  
• I also completed an initial prototype for the app in Adobe XD and presented it to the clients for further feedback

## Education

- 2021  
|  
2018
- **B.Sc in Computer Science**  
University of Nottingham  
Nottingham, England  
Fundamentals of Information Visualisation, Computer Security, Mobile Device Programming, Software Engineering, Software Maintenance, Software Quality Assurance, Software Specification, Databases and Interfaces, Real World Functional Programming
- 2018  
|  
2017
- **Access to Higher Education (Computing)**  
University of Derby  
Derby, England  
35+ Distinctions
- 2011  
|

## Proficiencies

### Workflow

GIT  
Trello  
JIRA  
Visual Studio Code  
Anaconda/Jupyter

### Languages

Java  
Python  
R  
Haskell  
C  
JavaScript  
HTML/CSS  
SQL

### Assorted Technologies

Microsoft Office  
LaTeX  
Adobe XD  
Adobe Photoshop  
Sony Vegas Pro

### Other Skills

Prjct Planning  
Events Planning, Organisation and Management  
Video Editing  
Computer Assembly and Repair  
Game Design  
Creative Writing
